

Limited English Proficiency Program

In accordance with the Board's philosophy to provide a quality educational program to all students, the Charter School shall provide an appropriate planned instructional program for identified students whose dominant language is not English. The purpose of the program is to increase the English proficiency of eligible students, so they can attain academic success. Students that have limited English proficiency (LEP) will be identified, assessed, and provided appropriate services.

The Board shall adopt a program of educational services for each student whose dominant language is not English. The program shall include bilingual/bicultural or English as a Second Language instruction.

The Principal or his/her designee shall implement and supervise an LEP program that ensures appropriate LEP instruction and complies with applicable laws and regulations.

The Principal or his/her designee, in conjunction with appropriate stakeholders, shall develop and disseminate written procedures regarding the LEP program, including:

1. Program goals.
2. Student enrollment procedures.
3. Assessment procedures for program entrance, measurement of progress, and program exit.
4. Classroom accommodations.
5. Grading policies.
6. List of resources, including support agencies and interpreters.

The Charter School shall establish procedures for identifying students whose language is not English. For students whose dominant language is not English, assessment of the student's English proficiency level must be completed to determine the need for English as a Second Language instruction.

Students whose dominant language is not English should be enrolled in the Charter School upon proof of residency and other legal requirements. Students shall have access to and be encouraged to participate in all academic and extracurricular activities of the Charter School.

Students participating in LEP programs shall be required, with accommodations, to meet established academic standards and graduation requirements adopted by the Board.

The LEP program shall be designed to provide instruction that meets each student's individual needs based on the assessment of English proficiency in listening, speaking, reading, and writing. Adequate content-area support shall be provided while the student is learning English, to assure achievement of academic standards.

The LEP program shall be evaluated for effectiveness as required, based on the attainment of English proficiency, and shall be revised when necessary.

A student may be excluded from requirements to participate in Idaho's Direct Writing Assessment and in Idaho's Direct Mathematics Assessment if the following requirements are met:

1. The student has not been enrolled for two (2) full school years in an elementary school or secondary school in the United States.
2. The student scores less than a level four (4) on the state assessment used to determine English Language Proficiency.
3. If the parent or guardian of the student and the student's teacher agree that such an assessment exclusion is educationally appropriate for the student.

At the beginning of each school year the Charter School shall notify parents of students qualifying for LEP programs about the instructional program and parental options, as required by law. Parents will be regularly apprised of their student's progress. Whenever possible, communications with parents shall be in the language understood by the parents.

The Charter School shall maintain an effective means of outreach to encourage parental involvement in the education of their children.
