Retention of Records Relating to Federal Grants

The Board directs the Executive Director to ensure that fiscal records related to federal grants are retained for a minimum of six years from the obligation of funds. These records shall be available for inspection if required.

Procedures

The Charter School shall maintain records that fully show:

1. The amount of funds under the grant or subgrant;
2. How the subgrantee uses those funds;
3. The total cost of each project;
4. The share of the total cost of each project provided from other sources;
5. Other records to facilitate an effective audit; and
6. Other records to show compliance with federal program requirements.

The Charter School shall also maintain records of significant project experiences and results. These records and accounts shall be retained and made available for programmatic or financial audits.

In accordance with State Department of Education record retention policy 4.16.02 Administration of Federal Grant Program, the Charter School shall maintain all fiscal and programmatic records relating to federal grants for a minimum of five years and one additional audit.

The Charter School will destroy paper records by shredding only. In the event of the disposal of computers or electronic equipment that may contain confidential student or personnel records, the Charter School will ensure that hard drives are appropriately “wiped” clean of information prior to disposal.

The Charter School shall retain records based on the schedule provided in Policy 8605.

Collection and Transmission of Records

The Charter School shall maintain electronic records in the LaserFische system, and paper records shall be maintained in the Charter School office under the supervision of the Business Manager or designee. The clerk will have authorized access as directed. Electronic and/or paper records shall be provided to awarding agencies to meet reporting requirements and to auditors and monitors, as appropriate and required. Records that are kept electronically may be transmitted electronically as allowed by 2 CFR 200.335.
